

## **IDOH HSP Emergency Financial Assistance (EFA) Service Standard**

### **HRSA Service Definition:**

Emergency Financial Assistance provides limited one-time or short-term payments to assist the RWHAP client with an emergent need for paying for essential utilities, housing, food (including groceries, and food vouchers), transportation, and medication. Emergency financial assistance can occur as a direct payment to an agency or through a voucher program.

### ***Program Guidance:***

- Direct cash payments to clients are not permitted.
- It is expected that all other sources of funding in the community for emergency financial assistance will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last resort, and for limited amounts, uses, and periods of time.
- Continuous provision of an allowable service to a client should not be funded through emergency financial assistance.
- Assistance that exceeds limited one-time or short-term payments should be referred to the appropriate service, such as Housing Services, the AIDS Drug Assistance Program (ADAP), or other services.

### **Key Services Components and Activities:**

HSP funds direct payments to support only the following EFA essential services:

- Rent
- Utilities
- Food

HSP has determined that **up to 3 service units per subservice** may be utilized for each client assessed and determined eligible for EFA per grant year.

Key services components and activities are noted in the Service Standards below.
